North Platte Man

Weds Minden Girl

The Minden Courier gave the following account of the wedding of Miss Watt, of Minden, to Elmer Stephens, teacher of mathematics in the North Platte schools. Mr. and Mrs. Stephens arrived in this city the early part of this week:

Last Wednesday afternoon at three o'clock at the commodious home of Mr. and Mrs. Herman Watt was solemnized, in the presence of fifty relatives and friends, the marriage of Miss Gall, only daughter of Mr. and Mrs. Watt, to Mr. Elmer Stephens of Kearney.

After the singing of "I love You Dearly" by Misses Ruth Pattison and Willa Watt, the Lohengrin Wedding March was played by Miss Elsie Jane Dayton of Alma. To the strains of the march the bridal party, attended by Miss Theo Stephens, sister of the groom and her fiancée Mr. Leon Porter of Kearney and by Master Preston Tidvall and little Miss June Porter as ring bearers took their stand within a balcony which was almost hidden with smilax and flowers where the double ring ceremony was performed by Rev. I. C. Rankin pastor of the United Presbyterian church.

The bride was beautifully gowned in sheer organdie over charmeuse and carried the traditional bridal bouquet. After congratulations, an elegant two course luncheon was served. Later in the afternoon, Mr. and Mrs. Stephens, accompanied by friends, autoed to Kearney to assist in the marriage of Miss Stephens and Mr. Porter which occurred the same evening.

Mr. and Mrs. Stephens will visit friends in Iowa for a short time, after which they will go to North Platte where they are in charge of a Boys' Scout Camp for the summer months. In the fall they both expect to teach in the Junior High at North Platte.

Mrs. Stephens' home has always been in Kearney county and she numbers her friends by the score; Mr. Stephens is a teacher well known in Nebraska and his successful work among boys is well recognized. Harvest Hands to be Treated Well.

A Kansas City dispatch says: The 1920 harvest field laborer will not only be the highest paid, but also the best fed, housed and "mothered" in history. Civic and church organizations throughout Oklahoma, Kansas, Missouri and Nebraska are planning to be "fathers and mothers" to the soldiers of the harvest army.

Kansas wheat growers have set the pace in fixing a minimum wage scale. The lowest figure to be paid will be 70 cents an hour. It is expected that a similar scale will be adopted in the three other states. Large tents will be erected, where entertainment will be provided, stationery supplied and buttons sewn on by the "mothers".

Terrifying Goitre

In this day of the low neck gown what is more terrifying to a pretty and sensitive woman than the word or the knowledge that a goitre is developing or has developed. It is a day of despair.

Goitre is an enlargement of the thyroid gland. This gland is supposed to secrete a substance required by the

body to counteract poisons. It is important, therefore, that it be kept in normal health as a protection, as well as the only means of retaining beauty of neck and shoulders.

The thyroid gland nerve lines spring from between joints of the spine in the neck region. When the alignment of joints is faulty, there is nerve pressure. Chiropractic adjusting removes the pressure, and nature restores health, and the enlargement reduces to normal.
